

ULTRA BALUSTRADE

The product

ULTRA railed fence is ideal for enclosing industrial areas that are sensitive or require protection. It also has its place in public areas, such as parks.

It appeals with its simplicity and solid and secure appearance.

Its bars consist of a horizontal profile crossed by two bevelled bars that extend beyond the upper profile, giving it a strong deterrent effect.

Its non-removable stainless steel security screws, and the quality of materials and coating make it a highly resistant product that delivers on all its promises.

Characteristics

Grey 7016 ● Green 6005 ● Black 9005 ● White 9016 ○ Other colours upon request ●

- Panel formed by 2 40 x 40 x 1,5 mm horizontal rails and Ø25 x 1,5 mm round profile bars or 25 x 25 x 1,5 mm square
- Space between bars : 100 mm
