

PANTAH BALUSTRADE

The product

Pantah is a design barrier fence made of vertical bars arranged at regular intervals.

Suitable for many environments due to its structure and robustness, it can be found in both residential and public areas such as parks and schools.

Its attachment to round posts, using metal brand bands, makes it easy to change the direction and angle of the fence and ensures easy installation on sloping ground.

Characteristics

Grey 7016 ● Green 6005 ● Black 9005 ● White 9016 ○ Other colours upon request ●

- Panel with 40 x 40 x 1,5 mm horizontal crossbars and Ø 25 x 1,5 mm vertical bars
- Can be combined with a gate and/or side gate in the same design
- Available in round or square posts
- Weather-resistant polypropylene caps
- Installation by sealing or on a base plate
- Part of the bars extending beyond the top horizontal rail : 145 mm
- Space between 2 bars : 96 mm
