

CONCRETE GRAVEL BOARD

The product

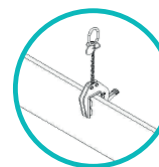

Whether you want to improve the fence's finish, make it easier to keep up, stop small animals from getting through, or hold back soil if there's too much of a slope, concrete gravel boards are a big help when putting up fence panels.

Sbfm's advice : we recommend using concrete plate clamps to make laying the slab easier and safer.

Characteristics

Raw concrete grey ● Charcoal ● Stone tone ●

- Concrete gravel board with 1/2 cap on top for installing fence panels
- Height 0,25 m or 0,50 m
- Available in slate imitation : without 1/2 cap, height 0,25 or 0,40 m
