

DOUBLE WIRES PANEL

The product

These fold-free panels are made of welded mesh, consisting of double horizontal wires. Particularly rigid, they are recommended for marking out sensitive or exposed areas, industrial sites, airports or military facilities.

30 mm defensive spikes on the upper part of the panel enhance the dissuasive and security aspect of the fence, which can be installed on flat or sloping ground, on low walls or on existing paving.

Sbfm's advice : using self-locking screws or clip blockers makes it unbreakable, when the panel is installed on clip posts.

Characteristics

Grey 7016 ● Green 6005 ● Black 9005 ● White 9010 ○

- 200 x 50 mm welded mesh panel
- Panel length : 2,50 lm
- Available in the following wire diameters : 6/5/6 or 8/6/8 mm
- 30 mm defensive spikes at the top or bottom depending on the panel's orientation

PANEL HEIGHT (m)	MESH (mm)	WIRE DIAMETER (mm)	PANEL LEN- GTH (lm)	WEIGHT (kg)	
				6/5/6	8/6/8
0,63	200 x 50	Horizontal wires : 6 Vertical wires : 5	2,50	8,6	13
0,83				11,3	16,6
1,03				12,2	20,3
1,23				14,4	23,9
1,43		or Horizontal wires : 8 Vertical wires : 6		16,6	27,5
1,63				18,8	31,2
1,83				21	34,8
2,03				23,2	38,5
2,23				25,4	42,1
2,43				27,6	45,7
