

## PREMIO SWING GATE & SIDE GATE

### The product

PREMIO range consists of ready-to-install semi-industrial gates and side gates, designed to suit all types of spaces.

A simple range quick and easy to install, perfect for fencing residential areas, individual and collective properties and some types of public spaces.

PREMIO gates and side gates are available with bar filling.

These products are made from Sendzimir Z275 galvanised steel and powder coated (minimum 80 micrometers), giving them excellent corrosion resistance.

The entire range complies with current European directives and the meets EN 13241-1 standard.

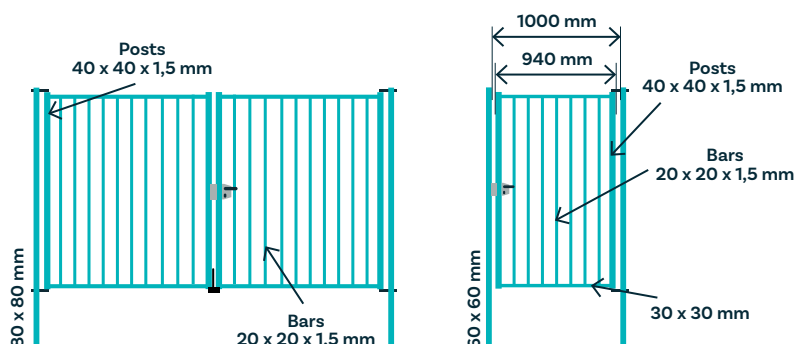

### Characteristics

Grey 7016 ● Green 6005 ● Other colours upon request ●

- 40 x 40 x 1.5 mm sendzimir tube posts
- 20 x 20 x 1.5 mm sendzimir tube bars
- GBM12 reinforced stainless steel pivots
- To-seal posts
- Plastic caps - Stainless steel hinges
- Lock + polyamide strike plate Locinox LAKZ4040P1L
- Ground bolt and screw-on shoe
- Screw-on lock strike

*Pre-assembled models except lock (included)*

| BARRED SIDE GATE |                                |            |            |
