

PRIVACY SCREEN - WIND BREAKER - 95% OPACITY

The product

The cost-effective solution for protecting private spaces and individual or communal homes from prying eyes and wind!

Primarily designed for residential use, this 100% polyethylene net is available in 2 colours.

Fully adaptable to any fence, it's easy to install thanks to the rings or buttonholes fitted all around the edge.

UV-treated and made from rot-proof material, this privacy and windbreak net has a long service life, depending on its exposure to the elements.

Characteristics

Green 6005 ●
